## Math Teacher, Curriculum Designer

San Antonio, Tx

(210) 800-1359

[Sabrina33Sanchez@gmail.com](mailto:Sabrina33Sanchez@gmail.com)

I am a math teacher with over a decade of experience. My background in statistics and computer science has allowed me to interpret student data on a higher level, and restructure lessons to better meet the needs of my students. I am detail oriented and excel at aligning curriculum standards and creating precise pacing guides.

Please view my digital portfolio for projects and more personal information: [sabinacodes.com](http://sabinacodes.com)

## EXPERIENCE

### **South San Antonio High School** - *Math Teacher*

AUGUST 2017 - PRESENT

- Create the instructional (pacing) calendar, lesson plans and benchmark tests for the Algebra II team
- Prepare and deliver engaging presentations on lessons that include checks for understanding in order to assess student learning and adjust lessons immediately if needed
- Analyze student score data after topic tests to identify students in need of support
- Identify low scoring TEKS and refine future lessons to predict possible student errors

### **Progress Learning, Remote** - *Content Creator (Contractor)*

NOVEMBER 2023 - PRESENT

- Author content questions that align to the specific course standards and state standards
- Create story problems, graphs and other material to question students on real-world Financial Algebra applications
- Create content for the PSAT/SAT prep courses and Calculus course

## EDUCATION

### **University of Texas at San Antonio** - *B.S. in Mathematics*

DECEMBER 2011

### **Texas A&M University Central Texas** - *M.S. in Mathematics*

IN PROGRESS
